

Rights and Diversity Education (RADE) e-newsletter Summer 2020

Dear colleagues

I hope this bulletin finds you well and managing to cope in these stressful times!

In light of the recent shocking events in Minneapolis and the ensuing outcry across the globe, we would like to remind you of the support and advice available from the RADE Centre to enable you to pro-actively address some of the issues this has raised with your staff and pupils.

We have a multitude of resources at the Centre that address race equality and diversity and enable you to embed these perspectives across all aspects of the ethos, environment and curriculum in your schools. See below for some examples.

I am available to provide whole-staff training (including Governors) to support and develop good practice in delivering diversity and equality education.

'It was a great session. One of the best training sessions I've had to do with school including insets in my own setting. By far the best governor course!' South Wonston Governor

The new *Hampshire Toolkit for challenging and responding to Prejudicial behaviours* is available to download here:

<https://www.hants.gov.uk/educationandlearning/hias/teaching-learning/rights-respecting-education/toolkit-language-behaviour>

Password available from rade.centre@hants.gov.uk

The *Toolkit* includes a new comprehensive recording form, a pupil survey and a leaflet for parents and the wider community.

The Equality and Rights Advocates (EARA) group has expanded to include primary pupils, offering them the opportunity to become involved in advocating across their school communities to challenge discrimination and promote Equality. The primary group presented at the Virtual School conference earlier this year and were very well received. We are always open to new members, both primary and secondary. See link below for more information:

TEACHING ABOUT RACISM IN OUR SCHOOLS: COMING UNSTUCK

Coming Unstuck is intended to be challenging for teachers and pupils alike. The concepts and activities set standards for good practice in personal, social and health education/citizenship. Strategies for emotional engagement are integrated with activities for analysis, questioning and creativity. Elements of the whole pack will also be useful to teachers as they look at the Rights of the child (UNCRC) in their curriculum development.

An engaging and stimulating teaching resource to challenge and explore negative perceptions and prejudice.

Available to purchase from the Rights and Diversity Education (RADE) Centre.
Price £30 to subscribing schools, £65.00 non-subscribing.
